UMPIRE REGISTRATION FORM

If you are interested in umpiring this season or learning how to umpire we would love to hear from you.

Umpiring provides players and parents with a great opportunity to be further involved in the sport or to better understand the rules of the game.

The club is required to provide umpires to assist both associations in the smooth running of the season. If you believe you can help out or have an interest in learning more, your assistance would be greatly appreciated.

Umpiring is also an easy way to make some pocket money!
